Custom DB

Whole House Water Treatment

Eliminates: Hardness, Calcium & Magnesium
& Targets: Chlorine, Nitrates, Sulfates, Alkalinity, Organics, Perchlorate & other harmful chemicals in the water giving you more pure, cleaner, better tasting conditioned soft water.

Manufactured exclusively for Southern Nevada's Water...

Features

Anion Resin

Durablend Resin designed to condition water targeting harmful anions such as nitrate, sulfate, alkalinity, perchlorates and other harmful chemicals and impurities.

High Capacity Cation Resin

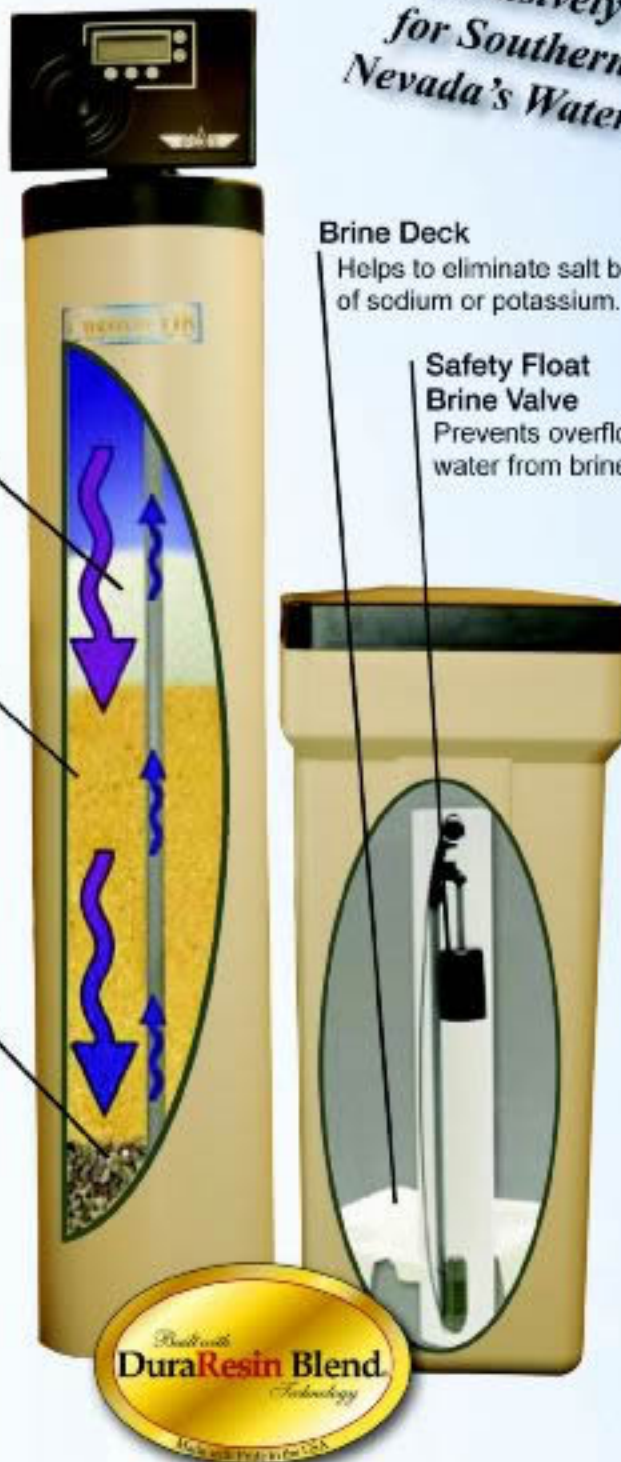

Provides maximum softening and removes calcium, magnesium hardness.

Quartz Support Bed

Quartz is used as a water clarifier. It also increases flow through the water treatment equipment while protecting internal distributor & screen assembly.

Warranty

Limited Lifetime Warranty on all major components.

Brine Deck

Helps to eliminate salt bridging of sodium or potassium.

Safety Float Brine Valve

Prevents overflow of water from brine tank.
