

Ultraguard

SIX STAGE REFINER

- 24-Hours A Day Conditioned Water
- Regenerates With Conditioned Water
- Light Commercial

Optional Feature:

DuraResin Blend

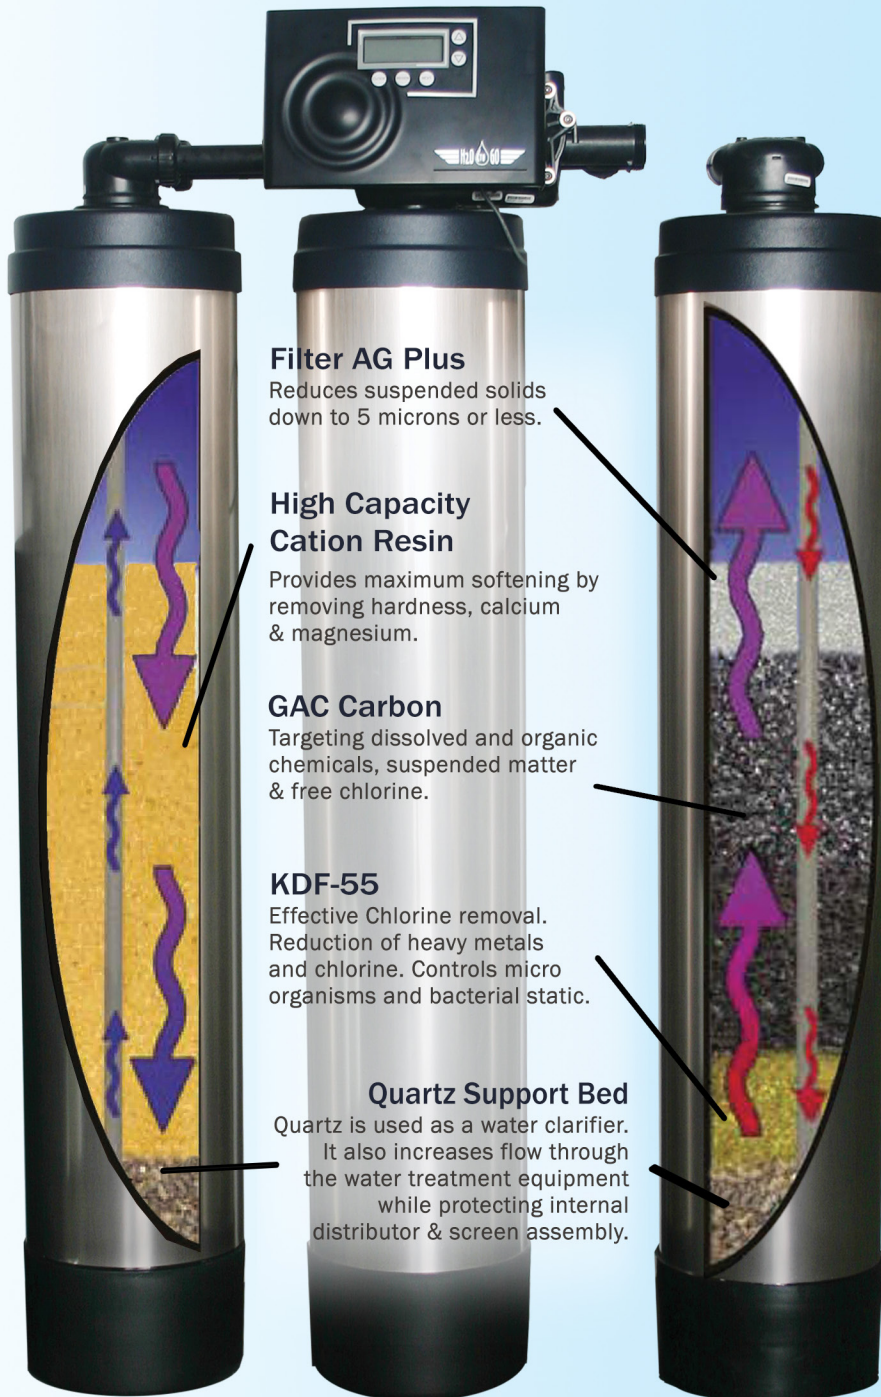

Anion Resin can be added to have a 7th stage for higher purification.

Ultraguard

LIGHT COMMERCIAL

Manufactured exclusively for Southern Nevada's Water

Filter AG Plus

Reduces suspended solids down to 5 microns or less.

High Capacity Cation Resin

Provides maximum softening by removing hardness, calcium & magnesium.

GAC Carbon

Targeting dissolved and organic chemicals, suspended matter & free chlorine.

KDF-55

Effective Chlorine removal. Reduction of heavy metals and chlorine. Controls micro organisms and bacterial static.

Quartz Support Bed

Quartz is used as a water clarifier. It also increases flow through the water treatment equipment while protecting internal distributor & screen assembly.

Brine Deck

Helps to eliminate salt bridging of sodium or potassium.

Safety Float Brine Valve

Prevents overflow of water from brine tank.

WARRANTY

Limited Lifetime Warranty on all major components.
